Subject: Invitation for Interest – Consulting Services Opportunity in Bhutan for Upgradation & Modernisation of National Earthquake Monitoring Network (NEMN)

Dear Sir/Madam,

Greetings from Services Export Promotion Council (SEPC)!

Services Export Promotion Council (SEPC) invites its members to express their interest in an international consulting services opportunity in **Bhutan**.

The **Department of Geology and Mines (DGM), Ministry of Energy and Natural Resources, Royal Government of Bhutan**, has issued a **Request for Proposals (RFP)** for the **Upgradation and Modernisation of the National Earthquake Monitoring Network (NEMN)**.

The RFP invites qualified and experienced **national and international firms, in joint venture**, to provide consulting services covering:

- Assessment of the existing National Earthquake Monitoring Network;
- System design;
- Supply and installation;
- System integration;
- Testing; and
- Commissioning of the upgraded NEMN.

Opportunity for SEPC Members

SEPC members with relevant expertise in **engineering consultancy, geosciences, seismic monitoring, infrastructure technology, system design and integration, ICT/technology solutions, testing and commissioning**, and related professional services may explore this opportunity and consider participating in the RFP, including through suitable joint-venture arrangements.

Interested members are requested to review the detailed **RFP, Terms of Reference (ToR) and accompanying documents** available on the website of the Ministry of Energy and Natural Resources, Bhutan.

Members interested in pursuing this opportunity are requested to share their **interest and brief profile/areas of relevant expertise with SEPC** by 25th September 2026 at saumya.gupta@serviceepc.org, for information and possible facilitation.

Best regards,

Team SEPC
