Subject: Request for Submission of Tariff & Non-Tariff Issues for Tourism & Hospitality Services Sector

Dear Sir/Madam,

Greetings from the Services Export Promotion Council (SEPC)!

Services Export Promotion Council (SEPC), set up by the Ministry of Commerce & Industry, Government of India, is committed to promoting India's services exports through policy advocacy, business facilitation, and representing the interests of service exporters before various Government Ministries and Departments.

As the nodal Export Promotion Council for the Tourism & Hospitality sector, SEPC actively works to:

- Advocate for export promotion benefits and policy support.
- Represent industry concerns before Government and regulatory authorities.
- Identify and address tariff and non-tariff barriers affecting services exports.
- Provide industry inputs for FTAs, CECAs, and CEPAs.
- Assist exporters in understanding domestic and international regulatory requirements.

To strengthen our policy advocacy efforts, we invite all members and industry stakeholders to share the tariff and non-tariff issues currently impacting their organizations.

Kindly provide the following details in the attached format:

- Description of the issue/barrier.
- Whether the issue is tariff or non-tariff related.
- Relevant Act/Rule/Regulation/Sub-rule/Clause reference.
- Impact on business operations and service exports.
- Government support or policy intervention required.
- Expected impact after the proposed changes.
- Supporting documents, if any.

Your inputs will enable SEPC to effectively represent industry concerns before the concerned Ministries and work towards a more enabling policy environment for India's Tourism & Hospitality service exports.

Kindly send your inputs at the earliest to abhishek.sahdev@servicesepec.org to help us consolidate industry feedback and take up the matter with the appropriate authorities.

We look forward to your valuable participation.

With regards,

Abhishek Sahdev
Services Export Promotion Council (SEPC)

(On company's letterhead)
